Claims 10-20 are allowed

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Steffens (U.S.P. 1,441,251). The patent to Steffens discloses a sleeved article comprising a sleeve portion 1, Figs. 1, 2 extending from a wrist area at least partly up a wearer's forearm; a mounting element (the fastener element along the lower edge of element 7, Fig. 1) coupled to said sleeve portion; and a connecting mechanism 7 mounted to said mounting element. The connecting mechanism 7 is structurally adapted for engaging a bicycle handlebar since connecting mechanism 7 may wrap over a handlebar and hold the glove fixed thereto.

Claims 3-9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
